Overview
Everyone deserves to live free from fear and violence. From a safe home, each of us can work, learn, play, and fully contribute to our community. At LifeWire, we help adults, children, and youth who have been impacted by domestic violence build safer and healthier lives by offering support, resources, and professional services. And we work with youth and young adults to develop healthy foundations early in life, preventing future violence.

Mission
LifeWire supports survivors of domestic violence on their path towards safety, stability, and healing. We work to end domestic violence by changing community beliefs, attitudes, and behaviors.

Founded
LifeWire, originally Eastside Domestic Violence Program or EDVP, has served survivors and their families in east and north King County, Washington since 1982.
